Steve jump.

Works!

Steve start walking.

Steve stop!

Yeah, you can talk to your player. I have to get really close to my microphone.

Steve jump! Steve jump!

It kind of takes some time for it to let you know, so if you say... I'm accidentally saying.

Steve...

All right, let's see if I can destroy this tree.

Steve mine.

I think it only works in survival.

SÉANCE 5

Vidéo P14-03 A robot in a maze

Hi there.

OK, this is my new robot.

It has several buttons as you see.

I'm going to write a little program to go to the treasure right here without hitting a wall.

So, it should... move forward, move forward, turn right, move forward, turn right, move backward, move backward, turn left, move forward. Stop, and get the treasure.

Let's check now if everything's OK:

Ok, I put it there, looking this way. Now... start.

Move forward,

move forward,

turn right,

move forward,

turn right,

move backward,

move backward,

turn left,

move forward,

stop.

Yes!!! I got the treasure!

Thank you for watching. Bye!
